

## Faculté de Médecine LYON SUD - Charles Mérieux

**ERASMUS and other exchange students who come to study at the Lyon Sud-Charles Mérieux Medical and Midwife faculty are able to carry out clinical internships in the different hospital wards and/or to follow courses. Depending on the courses that they are required to validate, students may follow the courses and sit written exams relating to the two years of study: DFASM1 and DFASM2 (= 4<sup>th</sup> and 5<sup>th</sup> year of French medical school).**

### **Theoretical Courses :**

ERASMUS and other Exchange students may attend 4th and 5th year classes.

**The courses are taught in French.** Course schedules are available on the Lyon Sud Medical Faculty's website: <http://lyon-sud.univ-lyon1.fr>

**Courses will take place in the faculty's lecture halls, and are also available on the school's e-learning website.**

The courses in 4th and 5th year are divided into two groups. For example, when group one has their internships, group 2 will be in class and vice versa.

Class attendance is not mandatory, but advised for students who wish to perfect their French language skills.

### **Exams :**

Exams last between 30 minutes and 1 ½ hours depending on the specialty, and will take place on Ipad tablets. Exchange/ERASMUS students are allowed to use dictionaries during exams.

**The elective courses (« optionnels ») are not open to exchange/ERASMUS students.**

**French language classes (30h) are available to exchange students (3 ECTS)**

**There are 2 types of exams:**

**- « Contrôle continu » (CC) i.e. midterm exam: not mandatory**

**- « Contrôle Terminal » (CT): i.e. final exam: mandatory**

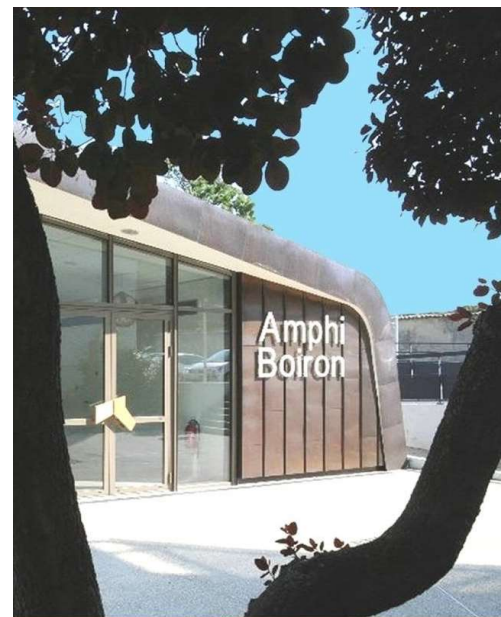

**in order to validate the specialization.**

**The school takes into account the « CC » mark only if it is higher than the mark received in the « CT » and allows to raise the « CT » mark.**

### **Internships:**

Students do 3-week full-time internships in different university hospital wards. Exchange students who are staying one year must indicate a maximum of 6 choices for their internship assignments. The assignments will be made by the administrative services depending on the number of places available in the wards.

No internships lasting less than 3 weeks will be authorized by the administration. Once the assignments are made and sent to the exchange student no changes will be allowed.

## DFASM1 (Diploma of Advanced Training in Medical Sciences) - 4<sup>th</sup> year of 2<sup>nd</sup> cycle of medical studies

### Semester 1 : September to December 2021

No continuous assessment, only terminal exam in December

Teaching Unit	Lectures	ECTS
ENDOCRINOLOGY - NUTRITION	16 hours + 14 hours e-learning	2 1
UROLOGY	10 hours + 12 hours e-learning	3
NEUROLOGY - PHYSICAL MEDICINE AND REHABILITATION	16 hours + 16 hours e-learning 4 hours + 2 hours e-learning	2 1

### Semester 2 : January to May 2022

No continuous assessment, only terminal exam in May

Teaching Unit	Lectures	ECTS
CARDIOLOGY	20 hours + 18 hours e-learning	4
PNEUMOLOGY	24 hours	3
ONCOLOGY – PALLIATIVE CARE	8 hours + 6 hours e-learning 10 hours + 10 hours e-learning	1 2
OPHTHALMOLOGY – OTORHINOLARYNGOLOGY - STOMATOLOGY	12 hours + 10 hours e-learning 6 hours + 8 hours e-learning 4 hours + 4 hours e-learning	2 2 1
RHUMATOLOGY - ORTHOPEDY	12 hours + 10 hours e-learning 8 hours + 8 hours e-learning	2 2

### Semesters 1 and 2 : September 2021 to May 2022

Continuous assessment in December, terminal exam in May

Teaching Unit	Lectures	ECTS
GYNECOLOGY	34 hours + 32 hours e-learning	8
HEPATO-GASTRO-ENTEROLOGY	22 hours + 20 hours e-learning	5

## DFASM2 - 5<sup>th</sup> year of 2<sup>nd</sup> cycle of medical studies

### Semester 1 : September to December 2021

No continuous assessment, only terminal exam in December

Teaching Unit	Lectures	ECTS
DERMATOLOGY	9 hours + 9 hours e-learning	3
GERIATRIC MEDICINE	6 hours + 6 hours e-learning	3
HEMATOLOGY	10 hours + 10 hours e-learning	3
PUBLIC HEALTH – OCCUPATIONAL MEDICINE - FORENSIC MEDICINE	5 hours + 5 hours e-learning 5 hours + 5 hours e-learning 6 hours + 6 hours e-learning	1 1 2

### Semester 2 : January to May 2022

No continuous assessment, only terminal exam in May

Teaching Unit	Lectures	ECTS
NEPHROLOGY	17 hours + 17 hours e-learning	5
INTERNAL MEDICINE – IMMUNOLOGY AND ALLERGOLOGY	13 hours + 1 hours e-learning 5 hours + 5 hours e-learning	3 2

### Semesters 1 and 2 : September 2021 to May 2022

Continuous assessment in December, terminal exam in May

Teaching Unit	Lectures	ECTS
PSYCHIATRY	26 hours + 26 hours e-learning	6
INFECTIOUS DISEASES	28 hours + 28 hours e-learning	6
PEDIATRICS	34 hours + 34 hours e-learning	9
