Further information for MEDICINE STUDENTS:

During your exchange, you may choose to attend the following types of learning activities:

a)Courses (theoretical classes)

b)Elective courses (theoretical classes ADE)--> You will be able to add this course only when the new list will be available for 23 24 WEBSITE, from NOVEMBER. No grade, only attendance.

c)Clinical rotations (see plan of study for the rules)

You can find our course catalogue and the list of clinical rotations available to incoming exchange students on the plan of study.

Your Learning Agreement should feature approximately:

•60 ECTS credits for a full year exchange;

•30 ECTS credits for a one-semester exchange.

E.g: B027905 SPECIALITA' MEDICO-CHIRURGICHE 2 7 cfu/credits is an integrated course whose components (modules) are:

NEFROLOGIA Nephrology

MALATTIE CUTANEE E VENEREE Dermatology

UROLOGIA Urology

REUMATOLOGIA Rheumatology

When choosing your activities, please note that you have two possible ways of listing them on your Learning Agreement:

1. If you list the full integrated course: Your exam will feature the topics covered in each module of the integrated course. Your TR will certify one single grade for the whole integrated course.

2. If you list one or more modules of an integrated course

Your exam will feature only the topics covered in your chosen modules. • Your TR will certify ONE GRADE, the average grade between each module you sat and passed. Only if requested by your university we could write a note with the grade of the single module you passed.

HOW FILL IN THE LA:

If you need only NEFROLOGIA and MALATTIE CUTANEE E VENEREE you have to write on LA (code)B027905 (name of the subjects) SPECIALITA' MEDICO-CHIRURGICHE 2 (NEFROLOGIA, MALATTIE CUTANEE E VENEREE) and the credits you need-->3 cfu

PLAN OF STUDY

Please note that timetable clashes may occur when choosing courses from different years.

Courses are usually structured as integrated courses, which means that they are made of one or more modules
